CAREER OBJECTIVE

BSc IT graduate with a CGPA of 9.3 and a strong interest in web development. Skilled in HTML, CSS, JavaScript, Bootstrap, and React, with hands-on experience building responsive web applications. Seeking an entry-level developer role where I can apply my skills, learn modern technologies, and contribute to real-world projects.

EDUCATION

BSc Information Technology

Wada College of Management and Science
Wada Nirmiti Educational Society, Wada

2026

CGPA: 9.3

TECHNICAL SKILLS

Languages & Web	HTML5, CSS3, JavaScript
Frameworks & UI	React, Bootstrap
Tools	Git, GitHub, Vite
Other	Responsive Web Design, REST API integration

PROJECTS

BiteBox — Food Delivery Website

- Developed a responsive food delivery website with a modern interface, navigation, login, and cart-related functionality. Focused on clean UI and responsive layouts.

ShopKart — E-commerce Web Application

- Built a React-based e-commerce application with product listing, navigation, authentication pages, cart functionality, and API-based product data.

EV Charge Finder — EV Charging Station Finder

- Created a web application that helps users find EV charging stations and view station information. Implemented responsive pages using HTML, CSS, JavaScript, and Bootstrap.

CORE STRENGTHS

- Strong interest in programming and web development.
- Quick learner with good logical and problem-solving skills.
- Hands-on experience building responsive frontend projects.
- Willingness to learn new technologies and work on real-world applications.
